In addition, written comments were received from four organizations. It was a consensus from the four groups that there was concern with the initial wording within
the new regulation in regard to telehealth and the face to face meeting. Discussion followed in regard to the proposed changes. Richard Dressler made a motion for Michael West to file a motion for an extension of the administrative regulation 201 KAR17:110 that was submitted and have the Board come back to the next meeting with any final changes they would like to make. Robin Harris seconded the motion. The motion carried. Mr. West reminded the Board that the extension would be for only 30 days and a decision must be made and the final wording filed within the 30 day period. Ms Olson requested that Marcia Egbert send all comments received to the Board members for review prior to the next meeting.

The Board also considered the input from KSHA on the new requirement of mandated CEU's in Ethics. The Board was in consensus to move forward with the change and an official vote will be taken at the next meeting.
